

**Non-transferring adhesive.
Applied to stopping dirt in its tracks.**

3M™ Clean-Walk Mats

3M™ Clean-Walk Mats feature a multi-sheeted adhesive system that captures dirt on contact from shoe soles, wheels and other passing objects. Individually tabbed and numbered sheets peel away easily exposing a fresh, ready-to-use sheet. This mat system delivers important advantages for every facility environment from office to manufacturing to warehouse.

- Reduces dirt passed between high-traffic office and production areas
- Large adhesive surface area captures dirt on contact before tracking it from one area to another — long enough for two step contact
- Helps protect, preserve the appearance, and prolongs the life of floor surfaces and carpets
- Contains antimicrobial properties that help inhibit fungal growth in the mat

Improve facility maintenance in a variety of industries:

- Cleanrooms
- General industrial and food processing plants
- Healthcare facilities, pharmacies and labs
- Commercial buildings
- Construction and remodeling sites

“We previously used a different brand of tacky mat, but switched over because we prefer the 3M™ Clean-Walk Mat.”

– Kim C., Histology Technician, Minneapolis, MN area hospital

3M™ Clean-Walk Mats capture dirt everywhere...in shops, manufacturing facilities, warehouses and commercial buildings.

Unframed, with adhesive backing

- Long-lasting performance on concrete and most smooth surfaces
- Low profile construction — 1.2 mil sheets mounted to a thin (2.0 mil) flexible base
- Adhesive-backed base adheres to most smooth floor surfaces
- Mat system protects floors and finishes from surface abrasion
- Clear sheets on white, gray or blue backing

Framed, with nonskid backing

- Slip-resistant polystyrene backing makes framed mats ideal for carpeted surfaces
- Thin (1.2 mil) white sheets that adhere to a white or black 1/8" hard plastic frame
- Dirt capture properties help keep carpets and other floor surfaces clean
- Mat is completely portable for use throughout your facility
- Frame is reusable, simply adhere a new replacement pad

PRODUCT USE: All statements, technical information and recommendations contained in this document are based upon tests or experience that 3M believes are reliable. However, many factors beyond 3M's control can affect the use and performance of a 3M product in a particular application, including the conditions under which the product is used and the time and environmental conditions in which the product is expected to perform. Since these factors are uniquely within the user's knowledge and control, it is essential that the user evaluate the 3M product to determine whether it is fit for a particular purpose and suitable for the user's method of application.

WARRANTY AND LIMITED REMEDY: Unless stated otherwise in 3M's product literature, packaging inserts or product packaging for individual products, 3M warrants that each 3M product meets the applicable specifications at the time 3M ships the product. Individual products may have additional or different warranties as stated on product literature, package inserts or product packages. 3M MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR ANY IMPLIED WARRANTY ARISING OUT OF A COURSE OF DEALING, CUSTOM OR USAGE OF TRADE. User is responsible for determining whether the 3M product is fit for a particular purpose and suitable for user's application. If the 3M product is defective within the warranty period, your exclusive remedy and 3M's and seller's sole obligation will be, at 3M's option, to replace the product or refund the purchase price.

LIMITATION OF LIABILITY: Except where prohibited by law, 3M and seller will not be liable for any loss or damage arising from the 3M product, whether direct, indirect, special, incidental or consequential, regardless of the legal theory asserted, including warranty, contract, negligence or strict liability.
