

# Gain the Assurance of Stable Longevity

## 3M™ Urethane Seam Sealers

Now available in both flex-pack and standard cartridge formats, 3M™ Urethane Seam Sealers have excellent adhesion, retain their flexibility over time, and perform superlatively in a wide variety of applications.

Although often hidden from view, seam sealers play an extremely important role in ensuring a quality repair, and must perform over the life of the vehicle. They cannot afford to shrink, crack, become brittle, lose adhesion, or otherwise fail, as that will lead to wind, water, dust, and noise penetration into the body structure – and, inevitably, corrosion. While there are a wide variety of sealer options available, single-component moisture-curing polyurethane seam sealers are the “work horse” sealants of the automotive collision repair industry.

## 3M™ Urethane Seam Sealer Cartridges

Part No.	Name/Description	Color	Container Size	Units/Case	Paint Time (solvent-based)	Paint Time (water-based)
08362	3M™ Urethane Seam Sealer	Grey	10.5 fl.oz. / 310 mL	12	30 min	45 min
08365	3M™ Urethane Seam Sealer	Beige	10.5 fl.oz. / 310 mL	12	30 min	45 min
08367	3M™ Urethane Seam Sealer	Black	10.5 fl.oz. / 310 mL	12	30 min	45 min
08368	3M™ Urethane Seam Sealer	White	10.5 fl.oz. / 310 mL	12	30 min	45 min

High performance general purpose seam sealer ideal for both interior and exterior seams and joints.

- High Solids, Single-Component, Moisture-Curing
- Non-Shrinking, Non-Cracking, Paintable
- Low/No odor
- Able to fill large voids
- Adheres well to primed metal and painted surfaces
- Can be smoothed to a featheredge or brushed
- Reduces the risk of redo's associated with the use of solvent-based seam sealers
