

# 571 De-Flex® Ramp

Nitrile rubber ramps for use with the De-Flex® family of products

De-Flex® Ramps are designed for use with the De-Flex® family of floor mats and provides a 6” longer gradual beveled edge for greater ease onto or off of the work platform. Made from a 100% nitrile base rubber compound De-Flex® ramps provide the highest resistance to chemicals, cutting fluids, animal fats, oils and greases. Ramps fit either side of mat, eliminating the need for male/female ends and are beveled and molded with mitered corners and a protruding tab that locks together the two adjoining ramps for a secure, professional corner. Square edges can be achieved by trimming off the miter using the cut line on the bottom of the ramp.

- Easy to snap together system for on-site custom work station platforms
- No male/female, ramp fits all sides of mat
- Nitrile provides highest level of resistance to chemicals, oils and greases
- Available as: 3 foot long ramps
- Compatible with any De-Flex® family mats

Stock Sizes	6" x 36"
Thickness	3/4"
Colors	  Black      Yellow
Product Group	Ergonomic, Anti-fatigue & Safety Matting
Environment	Wet/Dry and Oily Areas
Usage Intensity	Heavy duty
Sales Tip	All ramp lengths are beveled and molded with mitered corners and a protruding tab. The tab locks together the two adjoining ramps for a secure, professional corner.
Material	Nitrile rubber
Product Weight sqft in lbs	5
Process	Compression Molding
Reach	Reach compliant (Registration, Evaluation, Authorization and Restriction of Chemicals).
Prop 65 Warning	Prop 65 Complaint
