

TIGER[®] X FLAP DISC

UNLEASH TIGER X: The NEW Tiger X flap disc raises the bar for those who are driven to get the job done right and done fast.

Tiger X delivers the ultimate productivity enhancing X-Factors so you can do more in less time while lowering your consumable costs.

- **Increased Productivity** — The combination of aggressive grinding and long disc life deliver the ultimate X factor, a disc that gets more done in less time.
- **Lower Consumable Costs** — The combination of extreme aggressive grinding and long disc life means you get more for your money.
- **Enhanced Worker Safety** — Increased aggression lets professionals use less force to get equal or better results. This means less stress and reduced fatigue.
- **Greater Versatility** — X3 technology allows for greater versatility, reducing the need to switch discs when changing applications.

INDUSTRY-FIRST X3 TECHNOLOGY combines an advanced grain anchoring system, dual flap design and engineered backing that delivers faster grinding AND longer life when used on steel and stainless steel.

Grinds Faster AND Lasts Longer for Increased Productivity.

**MADE IN
USA**

TIGER X ANGLED AND FLAT STYLE FLAP DISCS

Typical applications: weld blending, flat surface grinding / finishing, heavy stock removal, light pressure blending / deburring, etc.
